

Who Should Attend

Anyone involved in excavation work would benefit from this class.

OSHA requires that a “competent person” be on the jobsite at all times an excavation is open and people are present.

This course is designed to educate individuals on the proper procedures OSHA requires during all stages of trenching and excavating.

Trenching/Excavation Competent Person

Associated Builders and Contractors of Georgia, Inc.

About the Instructor

John Ambrosia is a Master Trainer with over 35 years’ experience in all phases of construction – as project manager, owner’s rep, architect’s rep, construction manager, general and senior project superintendent, contract administrator, and in scheduling and document control. John has served as General Superintendent for top 100 ENR contractors. He is certified by the National Center for Construction Education and Research (NCCER) and serves on NCCER’s curriculum
