[cacm.kennesaw.edu](http://cacm.kennesaw.edu)  
The mission of the Department of Construction Management at Kennesaw State University is to develop students for professional construction leadership positions, with a sense of ethical and environmental responsibility, as well as prepare them for advanced degree programs.
The National Association of Minority Contractors (NAMC) is a nonprofit trade association that was established in 1969 to address the needs and concerns of minority contractors.

The National Association for Women in Construction's purpose is to enhance the success of women in the construction industry.

Spancrete® was founded in 1946 and is recognized as both the industry pioneer and the world leader in the design, manufacture and distribution of precast, prestressed concrete products and solutions.

Stone Mountain Access is dedicated to developing better suspended and fixed access solutions for our customers. We pursue new and innovative products and methods. Stone Mountain Access provides our customers with the best products, service, training, and support in the industry. We always maintain a safe and creative work environment which respects diversity, innovation, and hard work.

Commercial, Healthcare, Institutional
Associated Builders and Contractors of Georgia (ABC of Georgia) is a network of companies and professionals within the develop-design-build industry. Founded by a group of like-minded contractors in 1971, ABC of Georgia was established to unite the construction industry and promote the merit shop philosophy throughout the state of Georgia. Over the last 45 years, we have built upon this foundation and expanded our mission and vision. Today, ABC of Georgia is committed to supporting the growth of construction professionals, in both the field and the office, and helping to strengthen businesses like yours.
